Quiz: Lab-Grown Meat

Directions: Select the answer that best completes the sentence.

1) Joshua Tetrick's company, JUST, has been producing and selling non-animal versions of food such as _____.

- A) free range chicken because they do not believe animals should be caged
- B) vegan sausage, made from corn
- C) mayonnaise, by identifying plant-based alternatives to eggs
- D) broccoli

2) According to the video, producing and selling new meat-like products _____.

- A) will result in many people dying
- B) should not be allowed by the government because the products are not meat
- C) will disrupt the meat production industry
- D) will help prevent starvation throughout the world

3) The United States Cattlemen's Association has asked the _____.

- A) U.S. Department of Agriculture to stop lab-grown animal tissue from being called "meat"
- B) U.S. Food and Drug Administration to decide what meat is
- C) U.S. Department of Education to define meat as something that is slaughtered
- D) U.S. Department of Commerce to ban the sale of lab-grown meat

4) Joshua Tetrick believes that JUST's products will _____.

- A) be cheaper and thus people will be able to eat more, reducing starvation and poverty
- B) be so "out there" that most people will not even try their food
- C) eventually gain the support of the United States Cattlemen's Association because they are easier to produce than actual beef
- D) improve nutrition and health, lead to better treatment of animals, and help reduce the causes of climate change

5) The main point of this video is that _____.

- A) JUST needs to get past the Egg Board's opposition to their JUST Mayonnaise if they are to succeed
- B) changes in markets are often opposed by those whose business will be disrupted
- C) government's leadership in the development of new food products is essential
- D) people readily embrace change and what a product is called will not matter in the long run

Lab-Grown Meat – Answer Key:
