Quiz: Woke Colleges vs Testing

Directions: Select the answer that best completes the sentence.

1) According to the video, there is a trend for colleges and universities to _____.

- A) rely more heavily on SAT/ACT scores for student admissions
- B) no longer use SAT/ACT scores to evaluate applicants
- C) mandate different SAT/ACT exams be offered to the diverse student population
- D) establish weighted SAT/ACT scores based on racial and socio-economic differences

2) FairTest President Bob Schaeffer claims that _____.

- A) standardized tests create a "level playing field" for all college applicants
- C) low performing schools are to blame for poor student SAT/ACT scores
- D) students who don't do well on the SAT/ACT should not go to college
- D) standardized tests such as SAT/ACT are inferior predictors of college performance

3) In the past, Harvard University reduced focus on standardized tests _____.

- A) to reduce the number of Jewish students attending, just like it does to Asian students today
- B) to be fair to people of color who apply
- C) because Harvard University wants to dissuade minority groups from applying
- D) because it found high school grades were better predictors of students' college success

4) According to Jason Riley of the *Wall Street Journal*, to increase diversity in college admissions, _____.

- A) standardized tests should be eliminated
- B) colleges should admit students based on their race and ethnicity
- C) admission of white students to colleges should be limited to fifty-percent
- D) more charter schools should be opened

5) The main point of this video is that _____.

- A) standardized tests are increasingly relied upon by U.S. colleges and universities
- B) high school GPAs are the only way to accurately predict college performance
- C) ignoring college admission tests will set up some students to fail
- D) the SAT/ACT should be the only factor in colleges admissions

Answers:

1. B
2. D
3. A
4. D
5. C
